

EXPERIENCE

Web System Developer

ZZC System Ltd

 Nov 2024 – Jun 2025

 Barnsley, UK

- Developed responsive and dynamic web systems using **HTML**, **PHP**, **jQuery**, **SCSS**, and **SQL**.
- Translated briefs into functional, user-focused code.
- Collaborated with a team of developers to troubleshoot and resolve technical issues.
- Designed and implemented creative, user-friendly interfaces enhancing user experience.

Part-Time Cook & Team Member

KFC

 Dec 2023 – Present

 Manvers, UK

- Work 4 days weekly in a fast-paced kitchen while balancing academic studies.
- Prepared and cooked meals following hygiene and safety standards.
- Maintained kitchen cleanliness and supported front-of-house service.
- Adapted quickly under pressure to meet high-demand periods.

I believe my ability to not only generate results but also drive them forward will make a strong contribution to your company's goals and KPIs.

A DAY OF MY LIFE

Outside of work, I focus on coding and fitness. I'm passionate about technology, health, and self-improvement — striving for growth both personally and professionally.

EDUCATION

HN Flex Computing (Cyber Security & Networking)

Barnsley College University Centre

 October 2025 – January 2026

 Barnsley, UK

- Part-time programme focused on advanced computing principles and network security.

LIFE PHILOSOPHY

"The past is behind, learn from it. The future is ahead, prepare for it. The present is now, live it."
